

SB 2724 ASR Safe Concrete Cleaner

SB 2724 ASRSafe™ Concrete Cleaner is a highly effective non-acidic cleaner for horizontal masonry surfaces. SB 2724 can be successful in the removal of light to moderate atmospheric soiling, most grease and oil deposits, rubber heel marks, food and biological stains, and certain other surface deposits. Unlike many other concrete cleaners this product has been formulated to be aggressive towards soiling but not contribute to Alkali Silica Reaction (ASR) in sensitive concrete.

Preparation

Provide protection for foliage and pedestrian traffic. Test non-masonry surfaces for any possible adverse reactions. Protect all surfaces and situations where damage might occur during usage. This product may damage aluminum surfaces.

All projects should start with a test application to determine the suitability of the cleaner, acceptable application method and dilution ratio. Test areas of at least ten square feet are recommended and should involve the most severely contaminated condition.

Dilution and Coverage

Dilution: 0 to 5 parts water to 1 part product -- test application recommended
Coverage: Dependent upon substrate and other conditions

Application

SB 2724 ASRSafe™ Concrete Cleaner is most effective when applied by low-pressure spray. Brush application and agitation may prove helpful on some surfaces. Dwell times may vary from 5 to 30 minutes. Removal of the cleaner and contaminant can be accomplished most successfully with a pressure washer. A thorough rinsing is required. Dilution ratios are from 0 to 5 parts water depending upon conditions. This product can be used in automatic concrete scrubbing machines. If the concrete has excessive oil/grease contamination, use of a rotary floor scrubber with abrasive pad is recommended before pressure washing.

Technical Data

Appearance: Yellow Liquid	pH: 14
Odor: Mild Alkali	Stability: Good

Safety

Causes severe skin burns and eye damage. May cause allergic skin reaction. Causes serious eye damage.

DANGER

Refer to product SDS or product label for hazard statements, precautionary statements and safety information

Warranty

Shore Corporation warrants that this product conforms to the chemical composition described in the Product Label.
