

## **SB 2352 BUGS AF**

SB 2352 BUGS AF is an amalgamation of biodegradable cleaning agents and beneficial microbes that provide a new generation of technically superior cleaning ability when compared to old-fashioned enzyme products. This cleaner provides immediate removal of offensive animal and vegetable fats that leave a slippery condition on concrete and tile floor surfaces. After the visible cleaning has taken place, the microbes continue to work on embedded grease and oils that remain in cracks, corners and below the surface of the tile, concrete and grout. With continued use, the removal of grease in grout lines will be noticeable. This product is intended for use as a daily, no rinse floor cleaner. SB 2352 is safe for household use and strong enough for industrial, institutional and fast food kitchen use. SB 2352 is an excellent stand-alone cleaner -- it should not be mixed with other cleaners as they may destroy the beneficial microbes that provide the results.

### **Preparation**

Mix 2 to 4 measured ounces to one gallon of clean water. For initial floor cleaning, use the stronger mixture and reduce the dosage based upon the frequency of use and observation of the floor condition. Do not use less than two ounces per gallon for continued floor maintenance.

### **Dilution and Coverage**

Dilution: 2 to 4 ounces per gallon of warm water  
Coverage: Dependent upon substrate and other conditions

### **Application**

For most surfaces, mop application is all that is required. For severely contaminated floors, a low-pressure spray application followed by scrubbing and rinsing may be necessary for the initial cleaning. For routine cleaning, rinsing is not required, unless there is a need to remove excessive soiling.

SB 2352 BUGS AF is not intended for cleaning of counters, cutting boards or any food contact surface or equipment. Store in a cool dry location.

### **Technical Data**

Appearance: Blue Liquid	pH: 7.75 Average
Biodegradable: Yes	Rinsing: Not Required
Flash Point: None	Solubility: 100%
Foaming: Low	Stability: 18-Mo Shelf Life
Odor: Mild	Wetting Ability: Excellent

### **Safety**

Causes serious eye irritation.

### **WARNING**

Refer to product SDS or product label for hazard statements, precautionary statements and safety information

### **Warranty**

Shore Corporation warrants that this product conforms to the chemical composition described in the Product Label. SHORE CORPORATION EXPRESSLY DISCLAIMS ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. Shore Corporation shall not be responsible for any direct or consequential damages sustained as a result of the use of this product.
