

SB 2712 Orange Degreaser

SB 2712 Orange Degreaser is a heavy duty concentrated solvent and emulsifier that has proven effective in the removal of oil, grease, grime, rubber tire marks and more. SB 2712 can be used anywhere from kitchens to warehouses and industrial plants to steel mills. SB 2712 is made from natural solvents that are biodegradable. Application of the product to the affected areas will result in the softening of the residue allowing for removal with a pressure washer leaving a pleasant orange odor. This product is excellent for use as a final cleaner in preparing for a grind and polish finish, or polymeric or cementitious finish.

Preparation

All projects should start with a test application to determine the suitability of the cleaner, acceptable application methods and dilution ratios. Concentrated product may dull or damage painted, sealed or plastic surfaces. Test areas of at least ten square feet are recommended and should involve the worst area of soiling. Protect all areas not to be treated.

Dilution and Coverage

Dilution: 0 to 10 parts water to 1 part product depending upon condition and surface -- test application recommended
Coverage: Dependent upon substrate and other conditions

Application

Apply SB 2712 to affected area then allow product to dwell on the surface 5 to 20 minutes depending on the material being removed and substrate. Agitation may prove helpful. Scrape and remove softened residue. Rinse completely. Repeat if necessary on heavily soiled areas.

Do not use in the close proximity of pedestrians and vehicles. Protect all non-masonry surfaces from contact with the cleaner. SB 2712 is not a highly aggressive cleaner, but unknown adverse reactions with surfaces other than concrete may occur.

Technical Data

Appearance: Orange Liquid	pH: 7.5
Biodegradable: Yes	Rinsing: Complete
Flash Point: None	Solubility: Emulsifiable
Foaming: None	Stability: Good
Odor: Citrus	Wetting Ability: Excellent

Safety

Flammable liquid and vapor. Causes skin irritation. May cause an allergic skin reaction. Causes serious eye damage.

WARNING

Refer to product SDS or product label for hazard statements, precautionary statements and safety information
